

May 2017

Assessment Rate Notification for FY18 (July 1, 2017 – June 30, 2018)

On April 20, 2017, the Children's Health Account – Rhode Island (CHA-RI) set the FY18 assessment at \$7.58 per month per child contribution enrollee.

The Fiscal Year 2018 (FY18) assessment rate will be used to determine amounts due on July 30, 2017, October 30, 2017, January 30, 2018 and April 30, 2018 for the measuring months of April through June 2017, July through September 2017, October through December 2017, January through March 2018, respectively. CHA-RI's self-reporting assessment system will automatically calculate assessments at the correct rate for the entirety of FY18.

To increase transparency and to lower the administrative burden on payers, CHA-RI is a separate assessment that can be processed in the same way entities process payments for vaccines. CHA-RI will automatically calculate all payer obligations based upon quarterly reports filed to maintain compliance with the Rhode Island Vaccine Assessment Program (RIVAP). See www.RIvaccine.org. So long as those reports are properly and timely filed, no additional reports are required for payers to maintain CHA-RI compliance.

We want to thank the payer community for their continued support of the Children's Health Account - Rhode Island. We also want to express our sincere appreciation to the Executive Office of Health and Human Services for their excellent guidance and diligent work throughout this entire assessment process.

We invite you to visit the CHA-RI website to learn more about the program at www.CHA-RI.org.
